WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

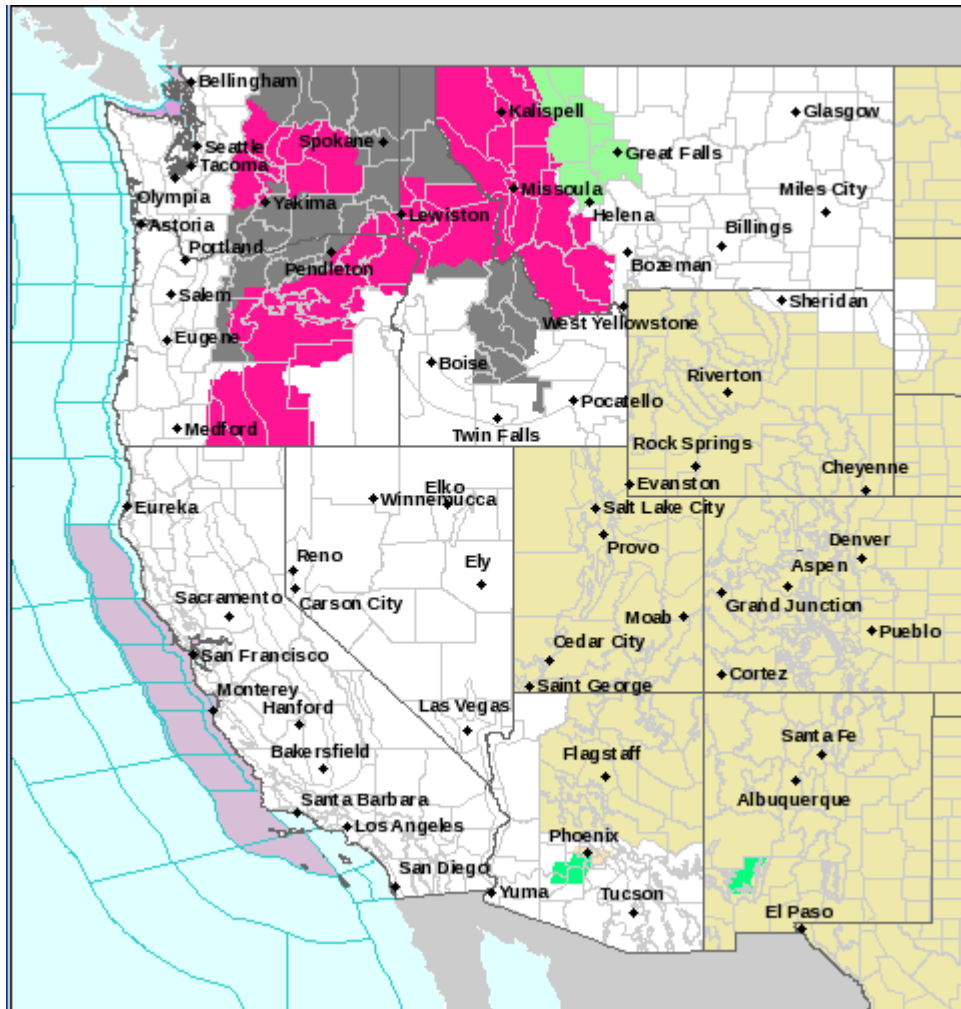

Slight Chance of Late Day Thunderstorms Siskiyou, Modoc and Lassen Counties Today, and Isolated Thunderstorms Mountains Monday. Drier with Gusty SW-NW Wind Higher Terrain and Cascade-Sierra Crest-East Today and Sunday will Increase Chance of Activating Holdover Fires. A low pressure trough remains over the west coast. There is a slight chance of thunderstorms in Siskiyou, Modoc, and Lassen Counties this afternoon and evening. If they develop, coverage will be sparse and there will be rainfall, but dry strikes and new ignitions are always possible. SW-NW winds will gust to 25 mph over the higher terrain and all areas east of the Cascade-Sierra crest this afternoon. On Sunday a mostly dry cold front will move into far northern areas and afternoon SW-NW winds will gust to 25-30 mph. The increase in sunshine and wind and the expected lower RH will allow holdover fires from recent lightning to emerge and begin to spread both afternoons. The combination of resource drawdown and emerging holdover fires make today and Sunday High Risk days. More thunderstorms are expected over the mountains on Monday. These storms will be fairly isolated, and they will produce rainfall. High pressure will move in on Tuesday and produce a warming trend during the latter parts of the week.

SOUTHERN CALIFORNIA

Leftover moisture and instability will bring scattered showers and thunderstorms to the deserts bordering Southern Nevada and Arizona this afternoon. The shower and thunderstorm threat will end Sunday as stronger westerly flow aloft develops. There will be little change in temperature and humidity across the region this weekend. Maximum temperatures will be near to five degrees above normal, with 80s to low 90s across the mountains and 90s to 102 in the valleys. Minimum humidity will be mainly between 12% and 25% away from the coastal areas. Westerly afternoon winds of 15 to 25 mph with gusts to 40 mph will surface across the desert passes this weekend. Temperatures will cool to between 5 and 10 degrees below normal Monday through Wednesday as a trough over the Pacific Northwest and Northern California pushes south. Tuesday will be the coolest day of the week. The marine layer will become deep, with morning low clouds and fog making it into most coastal valley locations Monday through Wednesday. There will be westerly winds of 20 to 30 mph with gusts to 50 mph across the mountain ridges and desert passes Monday morning through Tuesday evening. Temperatures will warm back to near or a little above average late next week as high pressure reestablishes itself over the West Coast. A weak low will form inside the ridge of high pressure off the California Coast which will bring isolated afternoon showers and thunderstorms to the Sierra Crest late next week.

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Law Missions

- **2017-LAW-37928, 08/08/17**, At approximately 1600 hours, Cal OES Law Duty Officer (LDO) made contact with the California Air National Guard on behalf of the Fresno County Sheriff's Office. The contact regarded a recovery mission which has been on-going for approximately one week. Two Individuals were involved in a fatal vehicle accident on HWY 180 approximately 500' into a river gorge on the Upper Kings River. The rugged terrain and high waters are hindering recovery efforts and therefore consultation from the National Guard was being sought for potential assistance. The National Guard and their subject matter experts will be meeting in Fresno and then performing a reconnaissance flight to the site for evaluation. **UPDATE: 8/09/17, 2100 hours**, The National Guard reported that they were unable to satisfactorily evaluate the recovery mission with the Blackhawk Helicopter they arrived in and will re-engage on 08/10/17 with a Chinook Helicopter. **UPDATE: 8/10/2017, 1400 hours**, CNG's consultation continuing. **Update: 8/11/2017, 1001 hours**, [FCSO advising CNG evaluation completed and are now requesting SME evaluation from Kern and Tulare County Sheriff's Swift Water Rescue Teams](#). [Cal OES Law Enforcement Branch \(LEB\) coordinating the response](#). **Update: 8/11/2017, 1707 hours**, [Both Kern and Tulare County Sheriff's accepted the mission and will meet with FCSO on 8/12/2017 at 1000 hours](#). **Mission Ongoing**.
